THE colourful brush strokes and intricate designs from a range of talented artists were put on display for all to enjoy at the Moore Art Exhibition last week.

“Congratulations must go to Sunshine Coast artist Don Milner for his winning artwork. It was wonderful to see such a wide range of artworks from many

different areas of Australia,” Member for Nanango Deb Frecklington said.

“The night was a reflection of what local communities are all about.

“The artwork was impressive and the organising committee should be congratulated for the hard work.”
