Don Milner
ARTIST

Don can work from either photographs and/or life and is happy to discuss both. He can arrange a convenient time for a photo session or live sitting at a location and time to suit you. The photo shoot may take 2 - 3 hours, during which Don will take the opportunity to get to know you, your ideas and expectations for the painting. The photographs taken will be edited and a final selection made in consultation with you.

Every aspect of the portrait or painting will be discussed and a suitable timetable will be established.

All travel expenses incurred by Don for the photo session are the clients responsibility and are not refundable.

A deposit of 50% of the agreed price for the commissioned painting is due when you decide to go ahead with the portrait or painting. Payment is to be made to the artist using funds transfer, cash, credit card or cheque. The balance is due on delivery of the completed work.

Things to consider before contacting the artist. Some of the basics:
